CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Adopt Resolution Approving Hazard Mitigation Plan

MEETING DATE: February 6, 2008

PREPARED BY: Michael Pretz, Fire Chief

RECOMMENDED ACTION: Adopt resolution approving the Hazard Mitigation Plan.

BACKGROUND INFORMATION: Council is being asked to adopt the San Joaquin County Hazard Mitigation Plan. The Disaster Mitigation Act of 2000 (P.L. 106-390) was enacted by Congress on October 30, 2000 and published by the Federal Emergency Management Agency (FEMA) in March 2004. The Hazard Mitigation Plan is designed to identify goals and actions a community may take regarding hazard events, e.g. earthquakes, flood, wildland fires, etc. Adoption of the Hazard Mitigation Plan is necessary to receive certain federal grant funds (44 Code of Federal Regulation 201.6).

The State of California Office of Emergency Services also requires adoption of a Hazard Mitigation Plan to be eligible to receive disaster relief funds. This Plan fulfills the requirements for both State and Federal Agencies. In addition, participation by the City of Lodi in San Joaquin County's Hazard Mitigation Plan will reduce duplicated efforts in plan development. The City of Lodi shares many of the same hazard conditions with San Joaquin County and the Disaster Mitigation Act allows for multi-jurisdictional hazard planning.

The Lodi Hazard Mitigation Plan was developed from information provided by the Lodi Municipal Services Review, a document prepared for the Local Agency Formation Commission.

To view the San Joaquin County Hazard Mitigation Plan, visit the County's Website at www.sjgov.org/oes.

FISCAL IMPACT: If Council does not adopt the FEMA Hazard Mitigation Plan, the City may not be eligible for certain federal grant programs.

1.2.3 Multi-Jurisdictional Plan Adoption Supporting Documentation

1.3.1 Multi-Jurisdictional Planning Participation

2.2 Local Capabilities Assessment

2.2.1 Resources Available to Mitigate

Provides a description of the human and technical resources available to engage in mitigation planning process and to develop a local mitigation plan.

Current resources include fire department personnel and limited GIS technology within the City of Lodi capability. Emergency management is provided through the fire department.

2.2.2 Financial and Funding Resources to Mitigate

Listing of financial and funding resources to affect or promote mitigation within jurisdiction.

Funding resources that affect mitigation are provided through the general fund. The City of Lodi fund emergency management activities through the fire department.

2.2.3 Local Ordinances that Affect or Promote Mitigation

Lists local ordinances that affect or promote disaster mitigation project and programs.

2.2.4 Current Mitigation Projects and Programs

Includes a description of in-progress, ongoing, or completed mitigation projects, and programs.

See 4.4.1

3.7.1 Risk Assessment for Each Participating Jurisdiction

The hazards are additional descriptions beyond the County of San Joaquin local government assessment. If the County assessment fulfills a jurisdictional hazard, then additional information is not needed.

4.4 Mitigation Strategy

Participating jurisdictions shall review the LHMP and decide if the entries fulfill their needs. If the LHMP does not satisfy their needs, additional information should be developed and submitted for entry into LHMP.

4.4.1 Action Item(s)

Each jurisdiction shall include in their enclosure at least one mitigation action item.

The City of Lodi Fire Department and Police Department is actively participating in the County sponsored Flood Hazard Mitigation mapping program. These maps will be made available to incident commanders for evacuation assistance.

In addition, the City of Lodi will be building a new fire station in the Southeast corner of the city in 2009. The fire station will provide coverage to the southeast portion of the city including newly annexed areas.
